# A Slant Of Sun: One Child's Courage

## Synopsis

Named a Best Book of the Year by Salon magazine and The Philadelphia Inquirer, *A Slant of Sun* was praised for its incandescent prose about the experience of loving a child who brings tremendous frustration and incalculable rewards and for its extraordinary resonance. Like *Operating Instructions* and *The Liars' Club*, *A Slant of Sun* is a contemporary classic. Nearly one in five children grow up facing a developmental or behavioral challenge, and like them, Beth Kephart's son, Jeremy, showed early signs of being different: language eluded him, he preferred playing alone to an afternoon on the jungle gym. Doctors diagnosed Jeremy with a mild form of autism called Pervasive Developmental Disorder Not Otherwise Specified. *A Slant of Sun* is a passionate memoir about how Kephart, guided by the twin tools of intuition and imagination, helped lead her son toward wholeness. Pulsing with the questions, "Is normal possible? Definable?" *A Slant of Sun* speaks to everyone not just parents of the redemptive power of love.

## Book Information

Paperback: 256 pages

Publisher: Harper Perennial; 1st ed edition (October 1999)

Language: English

ISBN-10: 0688172288

ISBN-13: 978-0688172282

Product Dimensions: 5.5 x 0.6 x 8.2 inches

Shipping Weight: 4.8 ounces

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (36 customer reviews)

## Customer Reviews

I love "A Slant of Sun," a first book by Beth Kephart, a memoir for her nine-year-old son Jeremy. This book is about everything that matters in relationships, whether son and mother, husband and wife, friends. It's about acceptance and compassion and anger and courage. It's about stripping life down to its essentials to find out what the essentials are. What does it matter if your son has good manners or a sensible bedtime if he has not, in the course of his young life, found the words, any words, that will order the rest of his life? I love you, Mommy. I want cereal. I want to play. Diagnosed at age two with pervasive developmental disorder not otherwise specified, Jeremy had obsessions

and rituals and fears and no language to express his need for them. He loved cars and arranging them in precise, unvarying patterns. He was terrified of strangers, of any disruption in his day. The picture on the cover of the book is of Jeremy, alone and facing the world from his front porch, wearing the too-big green hat that for a time was his equivalent of Dorothy's ruby slippers, a bit of protection, a hedged bet against a world that wanted him to be like other kids. And a badge, too, that said, "I'm not like other kids. I hope I find my way, but it will be my way." In fact, that's how it was. Today, he is on the verge of third grade, a move forward that, like all new things, has him a little nervous. "I know," he confides to his mother, "that I'm not good at transitions." He agreed to having a bunch of strangers in his house for a party in honor of the publication of the book for which he was the inspiration and the hero as long as he could leave and play soccer in the backyard when he felt like it. He not only held his own, he held forth.
