## **Customer Reviews**

I received this as a gift and I love all the choices. The tips in the front are worthwhile reading before you use the paper in this book. I especially loved the idea of using card stock to build a frame that I can change later. I tried using the paper two different ways and by far the easiest was my scrapbook tape. I have the super skinny kind so getting it onto all the corners and down the seam was a

breeze. If only selecting and mounting wallpaper in my own house was this easy!

Paper quality could be a little better.

Not at all what I expected. My money would have been better used for something else. Anything else would have been better.
